

July 17th2022

1515 N Young Blvd, Chiefland, FL 32626

Format

We will be racing on the Flat Track for this event at the RC Shed

Practice- There will be 2 hours of practice. We will practice by class; each class will get a 6-minute block with a 30 second transition between classes. Bigger classes will get multiple blocks of practice.

Qualifying Sponsored by True Cut Lawn Maintenance for the 100 Lap Money race. Each 602 Late Model & UMP will get 5 laps to determine the heat race line ups. Fastest single lap will determine the pole position. In the case of a tie, we will have a 10 lap race off. Fastest overall qualifier will win \$50 for both classes.

Heat Races- Novice, Midget, Super LM, EDM, Sprint Car, 602 LM will run a 30-lap heat race. Depending on number of entries will determine how many we automatically take to the 50 lap mains. We will take 4 automatically unless we have 6 or less entries. If more than 6 entries, we will have a B-Main with the top 2 advancing to the A-main. For the UMP Heat races, they will be 50 lap races with the top two advancing into the 100-lap money race. The last two positions for the A-main will come from a B-main. Should we have more than 10 cars we will have lower mains bumping up 1 driver per lower main.

B-Mains- will be 30 lap races, lower mains will be 20 lap races.

Feature Races- For all classes except the 602 Late Model's & UMP Modified's. You will run 50 lap Feature Races.
