

May 21<sup>st</sup> 2023

1515 N Young Blvd, Chiefland, FL 32626

**Format**

We will be racing on the Flat Track for this event at the RC Shed

**Practice-** There will be 2 hours of practice. We will practice by class; each class will get a 5-minute block with a 15 second transition between classes. We will only have 5-6 cars on the track at a time.

**Qualifying-** The 500 lap races each driver will get 5 laps with the fastest lap being used to set up the heat races.

**Heat Races-** There will be 1 heat race of 30 laps. Depending on the number of entries will determine how many heats we have. Depending on the number of heats will determine how many racers are advanced straight into the 500-lap race. There will be 6 automatically advanced into the 500. Then lower mains will determine the final 2 spots making the field of 8 cars.

**Feature Races-** During the 500-lap race we will have 4 turn marshals with hockey sticks to turn cars back over. AT NO POINT AND TIME SHOULD ANYONE STEP ON THE TRACK! Each driver is responsible for deciding when to change their battery and responsible for changing their own battery. They are to receive no outside assistance on fixing their car or pulling the car off the track unless they have cleared it with track management first. Each Driver must make a minimum of 2 battery changes during the race. The first racer to 500 laps wins.

**Schedule**

Doors Open	12:30 p.m.
